To Whom It May Concern:

College Works Painting has done a superb job in painting my home. From the very beginning, Henry Bronez and Bill Ferst took the time to understand what I was looking for and provided various options in an effort to balance my needs with my budget.

Following our initial meeting I agreed to sign their contract with the stipulation that if I found a better deal in two weeks they would refund the deposit. In the end that was not necessary as I found their offer to be the best. They worked met with me to determine the specifics of the work and were very clear about when and how the work would be done.

When it came time to perform the work, I could not have been more pleased with the way they executed the job.

The highlights were:

- They brought enough people to complete the job in less than 3 consecutive days
- All of their team were extremely courteous and professional
- They arrived on time and left on time
- They accommodated the fact that my dog was in the house and made sure she could get in and out through the doggie door and made sure the gates were closed when she was in the yard
- They were quiet and made sure that the yard was thoroughly cleaned at the end of each day
- They did a walk-through at the end of each day with me to review their progress and address any concerns
- At the end of the job, they made sure I was satisfied with their work
- The price I was quoted was the price I paid

In summary, I was very please with College Painters throughout the process and would not hesitate to use them again or to recommend them to others.

Sincerely,
